Second Crop Showed Illinois Visitors What Texas Can Do, When the Illinois land and immigration

agents were being shown through the Southern Pacific's Industrial department nothing attracted their interest more than a very fine assertment of second crop roasting ears, which were forwarded to the de-partment by Mr. Charles B. Sloat of the Bernard Rice and Irrigation company, The corn was grown near Limie, Whas-

ton county, from seed planted August I and was pulled sixty-live days after planting. Some of the stalks are nine feet high, each having from two to four well developed ears upon it. The producer estimates that the crop will average forty bushels to the acre. For a second crop this is a remarkable showing.

Nothing could more feetibly illustrate the boundless resources of the Lone Star State than this splendid consignment of corn grown when the tarners of more morthern States are just beginning to harvest the

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR Mrs. PINKHAM: - There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. Anderson, 225 Washington St., Jacksonville, Fla.

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says:

"DEAR MRS. PINKHAM: - I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Compound. "I have been a great sufferer with female trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very

nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkham's Vegetable Compound to all suffering women.

When women are troubled with irregular or painful menstruation, weakness, leucorrhoa, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy condition. If in doubt, write Mrs. Pinkham at Lynn, Mass, as thousands do.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove the absolute genuineness.
